

# Hip Pain?

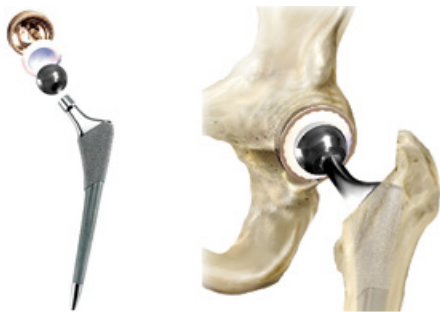

Join us for a **FREE Educational Seminar**

## Direct Anterior Total Hip Replacement

with Orthopedic Surgeon Dr. David Bizousky

**Our minimally invasive procedure has the potential for:**

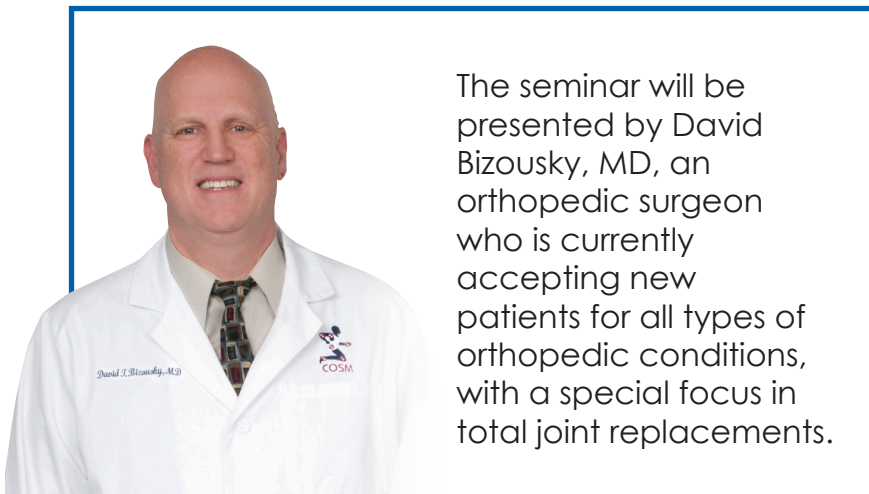

- Less damage to muscles - no major muscles are cut
- Less post-operative pain
- Shorter hospital stay and faster recovery
- Decreased risk of dislocation
- Lasting 2x longer than other implants

**Wednesday, April 25 • 6 p.m.**

**Windber Place at  
Chan Soon-Shiong Medical Center at Windber  
600 Somerset Avenue, Windber  
(Top of 7th Street, near Windber Hospice)**

**Call 814-535-6521 to reserve your seat!**

The seminar will be presented by David Bizousky, MD, an orthopedic surgeon who is currently accepting new patients for all types of orthopedic conditions, with a special focus in total joint replacements.
