The Caring Park

The Caring Park at Chan Soon-Shiong Medical Center at Windber signifies our commitment to focus on the mind, body and spirit of our patients and community. It was created to provide a tranquil setting of beauty in which to seek comfort and peace while celebrating those who are or have been part of our lives. It is a place of beauty for our heart to mend, a place of prayer for our faith to be renewed, and a place where we may honor and remember people who touch or have touched our lives with their special gifts. Order an engraved paver brick in memory or honor of your loved one to placed in the walkway of The Caring Park.
